Welcome to Statewide Commercial Solutions

Professional Cleaning & Security, Simplified.

At Statewide Commercial Solutions, we provide professional cleaning and security services designed around the way your business operates.

Backed by the experience and systems of Statewide Quality Services, we bring big-business standards to commercial environments that need a more personalised, flexible and responsive approach.

From education facilities and medical centres to commercial offices, strata communities and larger property environments, we take the time to understand each site, its priorities and its people. Every business is different, which is why our services are tailored to suit your requirements, schedule and expectations from the very beginning.

Our approach is simple: we listen, we understand and we create a service solution that works.

Whether you need cleaning, security, or a combination of both, our teams are trained, uniformed and supported by clear processes to deliver consistent, professional results. We focus on quality service, clear communication and a smooth experience from site visit through to commencement and ongoing support.

We are not here to offer a one-size-fits-all service.

We are here to make commercial cleaning and security easier, more transparent and better suited to your business.

With flexible service arrangements, performance-based standards and the backing of an experienced team, Statewide Commercial Solutions is committed to helping businesses maintain cleaner, safer and more welcoming environments.

We look forward to the opportunity to understand your site and show you how simple professional cleaning and security can be.

Cleaning

Professional Cleaning for Every Commercial Environment

At Statewide Commercial Solutions, we provide professional cleaning services tailored to the way your business operates.

From education facilities and medical centres to commercial offices, childcare centres, strata communities and commercial properties, we understand that every site has different needs, standards and expectations. That's why we take the time to understand your environment before creating a cleaning solution that works for your people, your schedule and your operations.

Our cleaning teams are trained, uniformed and supported by clear processes to deliver consistently high standards across every site. Whether you require regular maintenance cleaning, detailed scheduled cleans or a more tailored program, our focus remains the same: quality service, clear communication and a cleaner, safer environment for everyone who uses your space.

Cleaning services can be delivered on their own or combined with our security services for a more coordinated approach to site presentation, safety and daily operations.

Commercial Offices

We help businesses maintain clean, professional and welcoming workplaces, from common areas and meeting rooms to amenities, workstations and high-touch surfaces.

Education Facilities

We tailor our cleaning services around the needs of schools, training centres and education facilities, supporting safe and functional learning environments.

Medical Centres

Our teams understand the importance of hygiene, presentation and attention to detail in medical environments, helping support the comfort and confidence of patients, staff and visitors.

Childcare Centres

We provide cleaning services that support healthy, well-maintained spaces for children, educators and families.

Strata Communities

We help maintain shared spaces, foyers, lifts, walkways, amenities and common areas with professionalism and care.

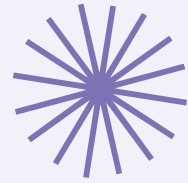

Commercial Properties

From single-site businesses to larger commercial environments, we create cleaning programs that support the day-to-day presentation and functionality of your property.

Easy.
Transparent.
Tailored to You.

Security

Professional Security Services Tailored to Your Site

Statewide Commercial Solutions provides professional security services designed to support safer, more organised and better managed commercial environments.

We understand that security is not a one-size-fits-all service. Every site has different access points, operating hours, visitor expectations, risks and requirements. Our role is to understand those details and create a security solution that suits your environment.

Our security personnel are trained, professional and supported by clear communication and digital reporting processes to help maintain site safety, visibility and confidence. Whether you require a dedicated security presence, mobile patrols, access support or after-hours coverage, we work with you to develop a service model that reflects your site's needs.

Security can be delivered as a standalone service or combined with our commercial cleaning services for a more coordinated approach to your property's daily operations.

Static Security

Our static security services provide a visible and professional presence for your site, supporting access control, visitor management, site monitoring and general safety.

Mobile Patrols

Mobile patrol services provide regular security checks across your property, helping deter unwanted activity and support site safety outside standard operating hours.

Access & Site Support

We can support entry points, visitor movement, contractor access and general site operations, helping your business maintain a safer and more organised environment.

After-Hours Security

For businesses or properties requiring additional support outside standard hours, our after-hours security services provide added visibility and peace of mind.

Incident Awareness & Digital Reporting

Clear communication is central to effective security. Our teams are supported by digital reporting processes that help keep site activity, incidents, inspections and concerns documented and communicated promptly.

Security, Your Way

Whether your business requires security on its own or as part of a combined cleaning and security solution, Statewide Commercial Solutions will tailor the approach to suit your site, your people and your priorities.

Quality Assurance

Quality You Can See. Standards You Can Trust.

At Statewide Commercial Solutions, quality assurance is built into the way we work.

Backed by the experience, systems and support of Statewide Quality Services, we bring a structured approach to cleaning and security while maintaining the flexibility and personal service our clients value.

Our commitment to quality begins with understanding your site. Every environment has different expectations, priorities and requirements, which is why we take the time to tailor our services before we begin. From the first site visit through to ongoing service delivery, our focus is on consistency, communication and continuous improvement.

Our teams are professionally trained, uniformed and supported by clear processes to help ensure services are delivered to a high standard across every site. Regular communication, site checks and performance reviews allow us to identify what is working well, respond quickly when something needs attention and maintain the level of service your business expects.

For cleaning, this means maintaining presentation, hygiene and attention to detail across your environment.

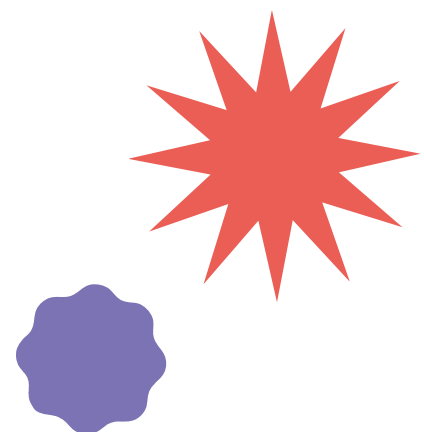

For security, this means supporting safety, visibility, communication and confidence across your site.

When cleaning and security are combined, our quality assurance approach helps create a more coordinated service experience, with both teams working toward the same goal: a cleaner, safer and more professionally managed environment.

We do not believe in a set-and-forget approach.

We believe in listening, reviewing and refining our service so it continues to suit your business as your needs evolve.

That is what quality assurance means at Statewide Commercial Solutions: practical standards, clear communication and service you can rely on.

How We Work With You

Big Business Standards. Personalised Service.

Backed by the expertise of Statewide Quality Services, Statewide Commercial Solutions delivers professional cleaning and security solutions across Australia and New Zealand, combining proven systems with the care, flexibility and attention your business deserves.

Whether we are supporting a single site or a larger commercial environment, we take the time to understand your priorities, your site requirements and the way your business operates.

We are clear about what we can deliver, proactive in our communication and committed to keeping clients informed from the first site visit through to ongoing service.

It is this combination of professionalism, transparency and flexibility that helps us build strong working relationships with the businesses we support.

Responsible Service

At Statewide Commercial Solutions, responsible service means looking after our clients, our teams, the communities we work in and the environments we help maintain.

Across our cleaning and security services, we are committed to supporting safer, cleaner and more welcoming spaces for the businesses, people and communities we serve.

Sustainability

We recognise the importance of reducing our environmental impact through practical, everyday choices. Where possible, we aim to use cleaning products, equipment and processes that support healthier spaces, reduce unnecessary waste and minimise disruption to the sites we work in.

Our approach is focused on making responsible decisions that suit the needs of each environment, from commercial offices and education facilities to medical centres, strata communities and larger commercial properties.

Occupational Health & Safety

The health and safety of our people, clients and site users is central to the way we work.

As part of the Statewide Quality Services network, Statewide Commercial Solutions is backed by experience, systems and standards that support safe work practices, clear communication and professional conduct.

Our teams are trained, uniformed and supported by processes that help them work safely and confidently across cleaning and security environments.

Community

Our work takes place inside real communities.

The spaces we clean and secure are used every day by staff, students, residents, patients, visitors and tenants. We understand the role our team plays in helping these environments feel safe, clean, well-managed and cared for.

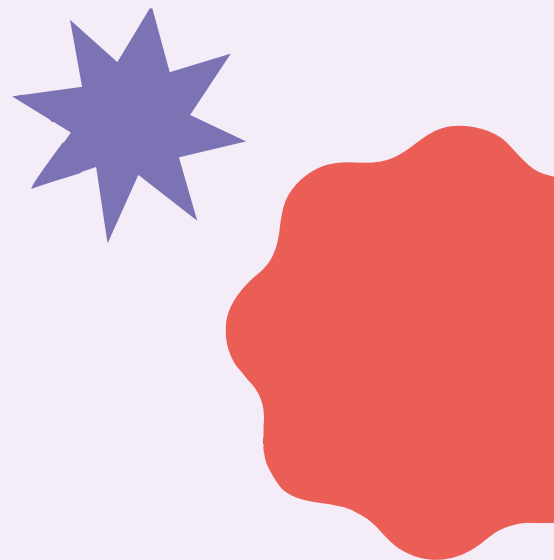

We are committed to working respectfully within every site, building strong relationships and supporting the people and communities connected to the businesses we serve.

Our Commitment

Whether we are providing cleaning, security or a tailored combination of both, our commitment remains the same: to deliver reliable service with care, responsibility and respect for the spaces and communities we support.

In the spirit of reconciliation, Statewide Quality Services acknowledges the Traditional Custodians of country throughout Australia and their connections to land, sea and community. We pay our respect to their Elders past and present.

We also acknowledge ngā iwi ō Māori as the tangata whenua of Aotearoa (New Zealand), and their rich contribution to society.
